WELCOME

WHAT THE COURSE IS ABOUT:

There is the new BASI Level 3 course and this is our third season of offering a training program that is unique to us here at SBC....big claim but it's true ;)

After successfully running our Level 2 training program for the past 18 seasons we now provide an avenue for our previous level 2 candidates and other BASI instructors to effectively train and qualify for this new level 3 course.

The course will be run alongside our level 2 Program. We have made it a FULL 3 month program so you get to stay with us for up to 3 months in resort. This gives all level 3 candidates a totally unique chance to not only receive riding training from the SBcoach crew but also to shadow and assist us with training the level 2 candidates. You will even have the chance to shadow part of the actual level 2 exams. This will prove invaluable for your teaching awareness and joining in on all our video sessions will really help with your own feedback development.

Interacting with the Level 2 guys will be a valuable part of your training and development and something unique to us at snowboard coach. You WILL be teaching/mentoring the L2 guys and they WILL be giving you feedback on your sessions. These sessions will also allow you to gain valuable teaching experience at the right level...teaching sideslips and basic turns will not prepare you effectively for the L3.

As ever we are also keeping it as cost effective as possible so that attaining the Level 3 is more achievable. It will also massively raise your awareness of what a level 3 rider should ride and teach like so taking the actual exams isn't going to be like stepping into dark.

**JUST BECAUSE YOU DO THIS COURSE DOES NOT MEAN
YOU WILL PASS THE EXAM.**

This course is to **prepare** you both mentally and physically for what will be thrown at you in the tech and teach exams.

WHERE IS THE COURSE?

We are also offering our level 3 training season course in Niseko, Japan. This place needs no introduction as the record snowfalls of the past 2025 winter were all over the news. This place coined the term Japow.

We offer everything you need to be with us for 3 months in resort including a full area Niseko season pass as well as a Moiwa pass so you can literally ride everything the area has to offer.

WHO CAN ATTEND?

You must obviously be a level 2 Snowboard instructor before embarking on the L3 training program*

Having a lot of teaching hours prior to this program is an advantage but if you have limited teaching hours please let us know and we can formulate a plan to make you fully aware of what you need to do during the season with us.

There is also a work and earn option to increase your experience AND earn money at the same time...more info later in the pack.

There is no easy way or shortcut to passing this course. It's about hard work and commitment. It's also about training and development. That's what this season course is about.

* Instructors who hold a level 2 qualification from CASI, AASI, NZ are also more than welcome to attend this program to gain a BASI level 3.

WHAT'S THE COST?

WHAT'S IT GOING TO COST?

As ever we are keeping it as cost effective as possible so that training to be a BASI Level 3 is as achievable as we can make it. We are the trainers and examiners and this programme is 3 months long.....

Please bear in mind it is Japan.....it is not Europe. Japan is blowing up right now in terms of costs but with our program we are trying to make your experience and training as cost effective as we possibly can.

NEW WORK OPTION

WORK & LEARN
WITH OUR JAPAN
WORK OPTION

READ ON IF YOU ARE THINKING ABOUT WORKING *

If you fancy taking our work option then you not only have the chance of work around the training program but also a much longer stay in resort with a more flexible option of travelling at the end of the program.

The process can take 3 months so we need to start the application by September 2025. If you are reading this AFTER this date then please talk to us and we can help the best we can but you may not get your visa for the start of the season.

Our work option costs more as we have extra work and costs to obtain the permit on your behalf and you have extra weeks included in your stay with us. Doing this option see you arriving early December and while our accommodation finishes at the end of March, the work visa then gives you the option of staying extra and travelling around Japan at the end of the winter season.

HOW DO I GET A VISA:

Now in Japan there are 3 ways we get you a visa:

Under 30 Working Holiday Visa: We can price a working holiday visa for you if you are under 30 years old. This is the simplest way to go about it.

36 Months experience: If you have had your Level 1 or 2 for 3 years, then we can use this to get you a working visa.

Ski Level 1: Yep crazy but true, if you have a ski level 1 already in place then we can use this to get you a visa. Weirdly a snowboard level 2 is not recognised as enough to get a visa. But if you are under 30 then you can get a visa and use the Level 2 snowboard to teach snowboarding.

If you are over 30 and don't have 36 months of experience and want to get a work visa you will need to do a ski level 1 instructor. For snowboarders we can offer a program of training ending with a ski level 1 exam through our partner centre, Tamworth Snowdome.

BASI SKI LEVEL 1 TRAINING & EXAM:

We will be offering training sessions through the year. culminating in a Level 1 ski.

You don't have to do the ski level 1 through us, if you prefer to do training more locally to where you live we will help you all we can with all the advice you need.

REMEMBER: EXTENDED STAY WITH OUR WORK VISA

As mentioned before, another advantage of taking our work option is the chance of an extended stay. The visa makes you exempt from the 90 days so will be arriving early December and departing end of March.

This is a part of gaining your ISIA stamp at level 3. So its well worth spending the time and effort prior to the winter to gain this qualification.

WHAT CAN I EARN ?

OUR 2026 - **JAPAN** WORK AND LEARN!

We have a unique opportunity to work with our partner school during the busy Christmas and New Year period as well as the Chinese New Year holiday at the end of January going into February.

We will also be accommodating with our training sessions so you can maximise extra teaching work during the season should the opportunity arise.

So not only will you be clocking up extra hours towards your level 2, you will also be able to gain valuable, real teaching experience and earn some extra money to offset some of your costs for this course.

Don't forget the work visa also allows you to work in local bars and take any other work you feel you may want to do in resort during your time with us.

There is potential to earn in excess of £3,000 working during this time and probably more !

OUR WRISTBANDS

OUR "LOCAL" WRISTBAND:

For our season courses we arrange awesome local discount in our favourite bars, restaurants and coffee shops in Niseko and Kutchan.

Our SBcoach wristband tells all the bar staff in our favourite places that you are with us and that you get local seasonaires price straight away.

We try and make you feel part of the great local scene from the first day you arrive with us.

The idea sounds cheesy but it works!

The band itself is fully waterproof and shower proof so is fine to wear every day.

A full list where it works will be sent to you prior to arrival in resort.

OTHER DISCOUNTS

SBC DISCOUNTS?

The earlier you book the more you can save. Everyone on our BASI Level 3 season program will be entitled to special discounts on kit from all of our sponsors. This is ordered direct through Snowboard Coach prior to the season.

THE SNOWBOARD ASYLUM:

15% discount from the whole store. We have a special one use code we send you when you book on the course.

SALOMON SNOWBOARDS, BOOTS AND BINDINGS:

30% off on all boards and bindings.

TAOTECH:

A really solid and growing company from Japan who do a great line of goggles, glasses, outerwear and clothing. They offer a cracking 30% off RRP and everything will be waiting for you when you arrive in resort.

ORTOVOX:

If you want to explore the back country and ride off piste, then you need the right equipment. From shovels and bags, to probes and transceivers - you'll get 20% discount.

LEVEL 3 SCHEDULE

TRAINING SCHEDULE

Constant input and coaching does not work, you need time to practice!! This is why our coaching routine is set up this way below.

WORK ARRIVAL OPTION: FIND YOUR LEGS!

Arriving early? Then spend the start of the winter riding, getting to know the resort and locals and generally enjoying the start of your season away. You'll also be preparing to work over the busy Christmas and New Year period.

STANDARD ARRIVAL: GETTING TO KNOW NISEKO

This first week will see us riding/training with the Level 2 students so this will be 3 x 3 hour sessions involving a tour around the slopes of Niseko and Moiwa and a few beers in the evenings introducing them to our favourite bars, so you get to see what the resort has to offer.

FOLLOWING WEEKS: TRAINING TIME

During this period we will have 3x3 hour specific level 3 sessions each week. All our coaches' who run this program hold full cert ISIA/ISTD qualifications under the BASI system with Ash bringing over 20 years of examiner experience to the course program.

As part of the above you'll receive regular video feedback sessions to see how your riding is progressing. You will also practice delivering teaching sessions to the Level 2 students as part of our special mentor program.

CHINESE NEW YEAR:

There will be no training over this period. But as mentioned earlier in the pack if you have taken our work and earn option then you will be working. If you are on our non work season option then this is your chance to build your experience of teaching.

AFTER CHINESE NEW YEAR: MORE TRAINING TIME

We'll have an extra 2 weeks of training and riding and mentoring prior to the Level 2 exams.

BASI LEVEL 2 EXAM:

The level 2 exam will run 26 Feb-5 March. We will work out a plan to allow every candidate to shadow at least 1 day of the actual exam....a unique experience. We will still have 2 training sessions each week during this process.

LEVEL 3 EXAM: 9-20 MARCH:

This is your time. Both exams will run over these dates with a break in the middle. Teach will be first week followed by the tech exam the week after.

PLEASE REMEMBER: Outside this program, it's all about practice and getting up the hill and working on your feedback. The more effort you put in during the season the more you will benefit during the exams.

OUR LEVEL 3 TRAINING ETHOS:

CONSTANT INPUT AND DRILLS 24/7 WILL NOT WORK.

The output – your riding - will be robotic. Our program has been designed to allow you time to work on what we are telling you so that you become a more skilled flowing rider. There will be a 3 x 3 hour training sessions every week, followed by a 2 hour mentor session on the weekends that you will lead with the level 2 candidates. Part of the end of week session will be a Q&A to check that you are working and practising the right things and to check your plans for the level 2 mentor sessions.

You also have the chance to ride with us during the season when you don't fancy shadowing, helping the L2 guys or on days where you just feel like a blast around.

The teaching training is also a really important part of the course. We run 3 training sessions with our level 2's every week and you also have the opportunity to help out with these.

ALL L3 candidates will also be mentoring the L2 candidates outside of our own Snowboard Coach training sessions. This is massively beneficial for you as this will help with your teaching of higher level riders and really prepare you for the L3 teaching exam as you are actually working on developing good riders.

Around this training program it's all about practice and getting up the hill and trying all that you are learning. Whether that is riding or teaching with the level 2 candidates, the snowboard coach crew or fellow L3 guys - it's this time that will help with the flow and style of your snowboarding.

WHERE DO I STAY ?

WHAT'S THE ACCOMMODATION LIKE?

Our SBC apartments are located in Kutchan.

Kutchan is 5 mins outside Niseko village. It's a working village/ town which is where pretty much all of the resort workers stay. The bars and restaurants are way cheaper because of this and way less touristy. A more authentic Japanese town.

Our modern apartments do have full kitchen cooking facilities as you would expect. Local food places are pretty cheap to eat out, but if you prefer to stay in and relax then you have the option to make your own food and chill.

Remember on training days transport will be provided so we know everyone is on time ;)

Our accommodation has full kitchen cooking facilities as you would expect. But eating a £2 bowl of authentic Japanese ramen is always better than cooking!

Unlike other companies, we do not cram people into our accommodation. You WON'T be sharing 4 to a room with us. Accommodation will be 2 per bedroom. Couples are obviously allocated a room together. Bedrooms have under bed storage or wardrobes. Being honest the only time you will spend in the bedroom is when you're sleeping!

DEPOSIT

A damage deposit is payable on top of the course fee by every candidate. If the accommodation is left **as it was found** then this will be returned after course,

Any damages, cleaning, breakages etc...will be billed at the cost to put right and this will be split between everyone in the accommodation (or the person who caused the damage)

BILLS:

All bills are included. This includes water, heating and electric. As snowboarders using the mountain we should be concerned about global warming and energy saving. Just because the bills are included doesn't mean you can forget about them. Simple things like turning the heating and lighting off when you go out will make a big difference.

SHEETS, CLEANING & WASHING: A set of bed sheets are provided and can be used/washed on a rotation basis.

FRIENDS STAYING POLICY: If we have space in the accommodation then friends are more than welcome to stay for a cost. This cost will be based on the time of the season and how long they are planning to come out.

TESTIMONIALS

Over the years of doing these course we have developed a great Snowboard Coach family and we all keep in contact. Many of them are now living and teaching snowboarding all over the world. Below is some feedback from those guys to help you make your mind up about joining us. Please feel free to contact us and we can even put you in touch with previous course candidates.

FF

MILES RICHARDSON

I did my Level 1 and 2 with Ash and Snowboard Coach, so doing the Level 3 was an easy desicion to make.....

After doing the Level 2 season course with SBC, I'd landed a job in Japan so had been teaching for the previous 2 winters, coaching a mix of private and group clients of all levels. I felt I was now ready for more training towards the Level 3.

The training and riding standard was a step up from the Level 2, but I was prepared for that. The weekly sessions and video feedback as well as the mentoring the level 2 trainees really help solidify exactly what I needed to work on for the exams.

Thanks to the training and constant advice throughout the season, I went on to pass the Level 3 exams and am looking forward to returning to Arinsal to help with the Level 2 season program as well as training towards my Level 4.

FF

KIER MOFFAT

I spent many seasons learning with Snowboard Coach - one was the L2 season course and the others on the L3 season programme - that should tell you how much I rate these guys.

The courses are superb, packed full of wisdom and experience, and delivered in the relaxed, friendly, inclusive style that Snowboard Coach is so well known for.

In particular, mentoring L2 students on the L3 programme has been utterly invaluable in preparation for my L3 and really developed my teaching skills in new directions.

I have now passed my level 3 teach and will do technical exam this coming winter.

I cannot recommend Ash and his team enough!

YOUR WINTER HOME !!

YOUR RESPONSIBILITIES

We ask every candidate to be professional and respectful at all times not only to your trainers but also to your peers - the people you will be living with for the season. Understanding other people's needs and being able to manage them as a team is a big part of being an instructor. You will also get to know a lot of people in Niseko and will be known as part of the snowboard coach crew. It's a small friendly Japanese town so creating the right impression is paramount. Remember we are not just looking at your snowboarding skills but also how you would represent BASI as a working high level instructor in a resort environment.

The courses are not to be taken lightly and you will be pushed both mentally and physically beyond what you did on the Level 2.- its the Level 3.

We will give you all the tools and feedback you will need to pass the course L3 course. But we are not in control of how much effort you put it...that bit is up to you. We encourage you to use the time in resort wisely. The more you practice around our training program the more chance you have of success in the future.

THE COURSE IS NOT A GUARANTEED PASS: We will give you all the tools and feedback you will need to pass the course and the video feedback sessions will be invaluable. But we are not in control of how you learn or your ability to improve or indeed how much effort you put it...that bit is up to you.
