WELCOME

Snowsports Coach is a sister company of Snowboard Coach who have been delivering BASI training and exams for 20 years - over 10 seasons ago we started a program that offers our great value instructor training programs to our ski clients.

This program is aimed at skiers stepping up to the BASI 2. Maybe you're fed up with the rat race and need a change of career or you fancy doing a season away and want to get something out of it or you simply want a change of lifestyle. The common goal is gaining the ability to do something we love and there is no better way than being able to ski every day.

Our level 2 program means you have to be a level 1 instructor before embarking on this program. Our unique approach is to help you complete this level 1 in the UK during the months of April to November at one of our partner venues. We work with Tamworth Snow Dome as part of their instructor program.

In doing it this way we believe it focuses everyone on what's needed to become an instructor far earlier than the traditional "gap" programs and also gives you more time in resort to get the skiing and teaching up to and beyond a level 2 standard.

Not only do you receive training from the high qualified BASI instructors and trainers but you also get to experience what it's like to be part of the winter scene in a thriving village. Something that will be invaluable as an instructor in the years to come.

WHERE IS THE COURSE?

This Level 2 winter course takes place in Niseko, Japan. This place needs no introduction as the record snowfalls of the past 2025 winter were all over the news. This place coined the term Japow.

We offer everything you need to be with us for 3 months in resort including a full area Niseko season pass as well as a Moiwa pass so you can literally ride everything the area has to offer.

WHO CAN ATTEND?

The course is open to all level 1 qualified BASI instructors*

You **WILL NEED** to be a fully paid up member of BASI and have your level 1 before arriving in resort with us. We will help you with this so please keep reading.

During the winter you will need to log an additional 35 shadowing hours. This can be done in resort. However, it is a [strong recommendation](#) that you have as many of these extra 35 hours done by the time you arrive in resort. This takes the pressure of trying to get them ALL done in resort as well as attending the training program.

* Candidates from other training organisations such as CASI, AASI, NZSIA are of course welcome on this program as your level 1 will allow you to cross over. Please contact us for more information

PRE-REQUISITES

WHAT DO I NEED TO DO?

To attend our winter program you will need to complete the following to become a BASI Level 1 Instructor. Obviously we will help you all the way with this. Current approximate prices are indicated in brackets.

BASI LEVEL 1* (£640 IN THE UK):

We will organise this with you and take you through the BASI Level 1 Instructor Course. This is a 4-day course which is the first level of the BASI qualification system. For more information on the level one please contact us.

FIRST AID (APPROX £110):

A separate 2 day First Aid course is needed. These take place all the indoor centres. Contact us for more information and recommendations.

SAFEGUARDING CHILDREN MODULE - FREE:

This course can be done on-line through the BASI website once you are a registered BASI member and have completed the level 1 course.

SNOW SCHOOL SHADOWING (FREE FOR SNOWSPORTS COACH CLIENTS):

After the Level 1 course and before our Level 2 program you must complete as many of the first 35 hours of lesson shadowing as possible. The more you do in the UK the less you will need to do in resort.

CRIMINAL RECORD: UPDATE:

Please note that this is **no longer needed** so is NOT a requirement to be an instructor.

Please note that accommodation for any UK course is NOT included in the price.

NEW WORK OPTION

WORK & LEARN
WITH OUR JAPAN
WORK OPTION

READ ON IF YOU ARE THINKING ABOUT WORKING *

If you fancy taking our work option then you not only have the chance of work around the training program but also a much longer stay in resort with a more flexible option of travelling at the end of the program.

The process can take 3 months so we need to start the application by September 2025. If you are reading this AFTER this date then please talk to us and we can help the best we can but you may not get your visa for the start of the season.

Our work option costs more as we have extra work and costs to obtain the permit on your behalf and you have extra weeks included in your stay with us. Doing this option see you arriving early December and while our accommodation finishes at the end of March, the work visa then gives you the option of staying extra and travelling around Japan at the end of the winter season.

HOW DO I GET A VISA:

Once you have completed your BASI ski Level 1 we can apply for a Japanese work visa on your behalf. As mentioned above, this process can take up to 3 months but, we do all the work for you.

This will then allow you to work and learn while you are with us in Niseko. As easy as that!

BASI SKI LEVEL 1 TRAINING & EXAM:

We will be offering training sessions through the summer months if you feel you need some extra input before doing the level 1.

You don't have to do the ski level 1 through us, if you prefer to do training more locally to where you live we will help you all we can with all the advice you need.

REMEMBER: EXTENDED STAY WITH OUR WORK VISA

As mentioned before, another advantage of taking our work option is the chance of an extended stay. The visa makes you exempt from the 90 days so will be arriving early December and departing end of March.

With a work visa, after our accommodation package ends in March, you will still be able to travel in Japan if this is something that you want to do.

WHAT CAN I EARN ?

OUR 2026 - JAPAN WORK AND LEARN!

We have a unique opportunity to work with our partner school during the busy Christmas and New Year period as well as the Chinese New Year holiday at the end of January going into February.

We will also be accommodating with our training sessions so you can maximise extra teaching work during the season should the opportunity arise.

So not only will you be clocking up extra hours towards your level 2, you will also be able to gain valuable, real teaching experience and earn some extra money to offset some of your costs for this course.

Don't forget the work visa also allows you to work in local bars and take any other work you feel you may want to do in resort during your time with us.

There is potential to earn in excess of £3,000 working during this time and probably more !

OUR WRISTBANDS

OUR "LOCAL" WRISTBAND:

Each year we arrange awesome local discount in our favourite bars, restaurants and coffee shops in Niseko and Kutchan. Yes we know it says Snowboard Coach, but we are all the same ;)

Our SBcoach wristband tells all the bar staff in our favourite places that you are with us and that you get local seasonaires price straight away.

We try and make you feel part of the great local scene in Niseko from the first day you arrive with us.

The idea sounds cheesy but it works!

The band itself is fully waterproof and shower proof so is fine to wear every day.

A full list where it works will be sent to you prior to arrival in resort.

OTHER DISCOUNTS

TRAINING DISCOUNTS?

The earlier you book the more you can save. Everyone on our BASI Level 2 season program will be entitled to a discount on any of our summer training courses in the UK

One Day ski/snowboard course: Only £135

On top of this all candidates will be entitled to special discounts on kit from all of our sponsors. This is ordered direct through us prior to the season.

LEVEL 2 SCHEDULE

TRAINING SCHEDULE

Constant input and coaching does not work, you need time to practice!! This is why our coaching routine is set up this way below.

WORK ARRIVAL OPTION: FIND YOUR LEGS!

Arriving early? Then spend the start of the winter getting your ski legs, getting to know the resort and locals and generally enjoying the start of your season away. You'll also be preparing to work over the busy Christmas and New Year period.

STANDARD ARRIVAL: GETTING TO KNOW NISEKO

This first week will see us getting used to the resort and being in the mountain and at altitude. We will have a welcome meeting and 3 x 3 hour sessions involving a tour around the slopes of Niseko and Moiwa and a few beers in the evenings introducing you to our favourite bars, so you get to see what the resort has to offer.

FOLLOWING WEEKS: TRAINING TIME

During this period we will have 3x5 hour sessions each week. These will be a 3 hour morning session followed by a 2 hour afternoon session. All our coaches' who run this program hold full cert ISIA/ISTD qualifications under the BASI system with Ash bringing over 20 years of examiner experience to the course. Also from week 2 you start shadowing our partner school to build those teaching hours.

Even if you have worked/ski'd a lot indoors - The mountain is a completely different teaching environment. As part of the above you'll also receive regular video feedback sessions to see how your skiing is progressing.

CHINESE NEW YEAR:

There will be no training over this period. But as mentioned earlier in the pack if you have our work visa option then you will be working. If you are on our non work season option then this is your chance to gain your remaining shadowing hours. By the end of this week every candidate will have the minimum 70 hours of shadowing/work needed for the L2.

AFTER CHINESE NEW YEAR: MORE TRAINING TIME

You'll know everything you need to know about your skiing by now and what you need to work on to pass the level 2. You'll be making comments on your own video runs, skiing all the mountain very well and gearing yourself up for the final push in the coming weeks. You will also be confident in teaching the central theme and be happy to conduct sessions beyond the central theme.

BASI LEVEL 2 EXAM....

The exam will run 26 Feb-5 March. This is about putting together all that you have learnt during your time with us.... This is the BASI L2 exam.

AFTER THE EXAMS:

You'll now have a few weeks to ski, travel, work...whatever, before leaving Niseko at the end of March.

PLEASE REMEMBER: Outside this program, it's all about practice and getting up the hill and working on your feedback. The more effort you put in during the season the more you will benefit during the exams.

OUR BASI TRAINING ETHOS:

Our ethos on your skiing is about flow and output ie what the ski is doing. This depends on the snow we are on and the task at hand. It's not, do this and do that - we don't spoon feed you on the Level 2 course. As you become more aware of your skiing, you will need to become more aware of how you personally use the fundamentals that you are being taught. The more aware you are of this, the nicer your skiing will feel and the better skier you will become. 'Skiing isn't black and white' - though some people try to teach you that it is and you'll end up being a robotic skier doing things because you were told to do them.

Of course we are going to tell you what you need to fix and give you exercises to improve these weak areas, but part of the course is you figuring out and feeling what works best for you from the information that we give you. How much fore, how low to ride, how high to ride. We can't tell you this, you need to feel this. You will notice the way your coaches ride, we all use the same fundamentals but in varying amounts, yet the outcome - the turns - looks smooth and flowing. This is what we want to teach you.

EVERYBODY is different, we bend, move, stand and sit in many different ways and you will find that you may use a different fundamental more or maybe less than somebody else.

During the exams the trainers will continue to push your skiing and may use new exercises and drills that you not have done, using different explanations of the same fundamentals....Its all about the above - making YOU think and FEEL more - "What suits me the best?"

This course is not only about preparing you to take the exams but to train you to be responsible for yourself and prepare you for the role of an instructor in seasons to come.

WHERE DO I STAY?

WHAT'S THE ACCOMMODATION LIKE?

We have 2 accommodation options. Our first location is in Hirafu and the other in Kutchan. Each have their advantages with Hirafu being closer to the Hirafu lift station (obviously) but is a more expensive area to eat and drink because of this. It is still on the local bus line to other resorts such as Moiwa (10 mins away), so transport is really easy.

Kutchan has more variety being a working village/town which is where the majority of resort workers stay. The bars and restaurants are cheaper because of this. Kutchan is a 10 min local bus ride away to the lifts in Niseko.

Remember on training days transport will be provided so we know everyone is on time ;)

Our accommodation has full kitchen cooking facilities as you would expect. But eating a £2 bowl of authentic Japanese ramen is always better than cooking!

Unlike other companies, we do not cram people into our accommodation. You WON'T be sharing 4 to a room with us. Accommodation will be 2 per bedroom. Couples are obviously allocated a room together. Bedrooms have under bed storage or wardrobes. Being honest the only time you will spend in the bedroom is when you're sleeping!

DEPOSIT

A damage deposit is payable on top of the course fee by every candidate. If the accommodation is left **as it was found** then this will be returned after course,

Any damages, cleaning, breakages etc...will be billed at the cost to put right and this will be split between everyone in the accommodation (or the person who caused the damage)

BILLS:

All bills are included. This includes water, heating and electric. As skiers using the mountain we should be concerned about energy saving. Just because the bills are included doesn't mean you can forget about them. Simple things like turning the heating and lighting off when you go out will make a big difference.

SHEETS, CLEANING & WASHING: A set of bed sheets are provided and can be used/washed on a rotation basis.

FRIENDS STAYING POLICY: If we have space in the accommodation then friends are more than welcome to stay for a cost. This cost will be based on the time of year they are planning to come out.

TESTIMONIALS

Over the years of doing these course we have developed a great coaching family and we all keep in contact with many of our previous candidates, many of them are now living and teaching all over the world. We have included some feedback from the guys to help you make your mind up.

ff **EMILY WOOD**

The Level 2 season course Snowsports Coach provided was a fantastic experience, I honestly can not recommend it enough.....

The training sessions were perfect, there was ample opportunity to shadow the ski school and gain first hand experience of teaching in a mountain environment, which was invaluable.

The benefit of having different trainers for the season enables alternative teaching styles for individuals, therefore sets you up in the best position possible for the exam.

Snowsports Coach really pushed my skiing, well beyond what I thought it would, not only did I feel ready for the exam but I now feel well prepared for next season and any other courses I take in the future. Thanks guys!

ff **LOUIS KINDER**

I knew of Ash and Snowsports Coach from my dad who for many years has taken training and holidays with them... so for me, choosing them was easy.

Snowsports Coach ran an amazing course for me to do my instructor training and exams.

All the people involved were super friendly and helped me out every step of the way with the preparation as well as with everything and anything I needed while I was there.

It was the best time of my life and I'll never forget the memories I made and the people I met.

“ GRAHAM HOPKINS

It was almost four years to the day since I'd successfully taken my Snowboard Level 1 exam with Ash (I previously did the Snowboard Level 2 Season with Snowboard Coach in Andorra).

I also knew I wanted to ski, so I sent Ash the following message

“Do you think you could turn an old guy with grey in his beard into a Level 2 skier”?.

I got my answer and I trained for the season with Snowsports Coach for exactly that and didn't regret a minute of it.

With a small group size and three trainers sharing their expertise, the coaching was again, second to none. I was pushed hard but my skiing and my knowledge improved way beyond what I expected. I'm happy to say I'm now a Level 2 Ski Instructor as well as a Level 2 Snowboard Instructor.

UPDATE: I now work winter seasons teaching in the mountains in Jasna with a snow school who were specifically looking for dual qualified Instructors. Thanks to Ash for all the help and support - I couldn't have done it without you and team at Snowsports Coach & Snowboard Coach

“ JIM PALMER

Having been fortunate enough to have visited ski resorts around the world, I have found myself continuing to return to Arinsal, thus making it my first choice of resorts to do a season, train and take my BASI ski level 2 exam.

Ash was my first point of call when I started to explore options for my BASI level 2. After knowledgeably taking me through what was involved, what the course contained and expectations, he ended by saying that the groups get on like a big ski/snowboard family. It sounded corny at the time, but I have to admit its true and I have made some great friends.

Being able to train in an environment that was challenging in terms of conditions and terrain, and then be able to kick back with a great supportive team at the end - was second to none.

If you are looking for top class instruction, to meet like minded people both on and off the slope, and to come away with a qualification and a great new snow family - then look no further than Ash and Snowsports Coach.

2025 LEVEL 2 CREW...

YOUR RESPONSIBILITIES

We ask every candidate to be professional and respectful at all times not only to your trainers but also to your peers - the people you will be living with for the season. Understanding other people's needs and being able to manage them as a team is a big part of being an instructor. You will also get to know a lot of people in Niseko and will be known as part of the local crew. It's a small friendly town so creating the right impression is paramount. Remember we are not just looking at you're skiing skills but also how you would represent BASI as a working instructor in a resort environment.

The courses are not to be taken lightly and you will be pushed hard with your skiing and your ski teaching but you will learn loads of things that you would never even think of and you WILL ski the mountain better than you ever have done

We will be asking all candidates to be punctual for the training sessions. They are not compulsory but missing them WILL put you behind in the training program. Not turning up because you went out the night before would not be too good for your own development.

The course is not a guaranteed pass. We will give you all the tools and feedback you will need to pass the course and the video feedback sessions will be invaluable. We are not in control of how much effort you put it...that bit is up to you. We encourage you to use the time in resort wisely. The more you practice around our training program and take charge of your own skiing and learning the more chance you have of success.
